

Compilation of Accurate Data on Registrants

COMPILATION OF ACCURATE DATA ON REGISTRANTS

This serves to confirm that Developmentnomics (Pty) Ltd T/A Devnomics has been appointed to conduct a data collection, analysis and cleansing exercise on behalf of the National Credit Regulator (NCR) on its registrants. The exercise is aimed at ensuring that the NCR has accurate data to serve its stakeholders efficiently.

The execution of this work will encompass a range of data management activities that may include contacting registrants to obtain new data and or verify existing ones.

Devnomics will liaise with registrants to collect the information using various communication methods such as telephone, facsimile, email and online portal.

The NCR has taken all necessary steps to ensure that the data collected from this exercise is kept strictly confidential and is only used for updating registrants' data on the NCR database.

Your co-operation and kind assistance to Devnomics in the execution of their mandate will be greatly appreciated.
